

Community Support at BNB

Empowering Students. Uplifting Futures.

At BNB Learning Center, we believe education should be accessible, equitable, and inspiring for every student. That's why we're proud to be at the forefront of community support—offering life-changing scholarships and nurturing a culture of leadership and service within our school.

We don't just teach—we invest in dreams, support potential, and help shape future leaders.

Our Key Scholarship & Support Programs

GAP Outstanding Girls Scholarship

Awarded each semester to the top-performing girls in each grade, the GAP Scholarship recognizes academic excellence and promotes gender equity in education. It was established in honor of three remarkable women who inspired BNB's founders. This rotating scholarship not only rewards achievement—it builds confidence and leadership among young women.

Outstanding Boys Scholarship (Coming Soon)

In line with our mission to uplift all students, BNB is actively working to launch a scholarship program for outstanding boys. Like GAP, this initiative will recognize high achievers, foster healthy competition, and provide full tuition support to boys who lead in academics, character, and service.

Financial Support for Needy Students

Education should never be out of reach. Through a careful and compassionate process, BNB offers tuition assistance and material support to students from financially challenged backgrounds—ensuring that no student is left behind due to circumstances beyond their control.

Oriba: Student-to-Student Support

What started as a lunch break idea became a powerful student-led movement. Oriba is a unique initiative created by BNB students to support their peers through direct fundraising, donations, and mentorship. It's unity in action—proof that students can lead the way in changing lives.

Why It Matters

At BNB, we're building more than a school—we're building a community of compassion, ambition, and action.

By investing in every learner's potential—regardless of gender or background—we're creating a ripple effect that extends from our classrooms into the world.

Together, we rise. Together, we lead. Together, we make education a force for good.
