

Needy Students Support Program

At BNB, we believe that education is a right, not a privilege. Together with our community, we reach out to support those in need — driven by humanity, love, and compassion.

Building on our long-standing history of helping children of military families, those orphaned by HIV/AIDS, and other vulnerable groups, we are now strengthening and systematizing our support to create a more sustainable impact.

Our Key Initiatives

BNB's Needy Students Support Program will be delivered through several targeted initiatives:

- Students-to-Student Support
- BNB Needy Students Scholarship
- BNB Parents' Needy Student Support
- Industry Support for Students

Students-to-Student Support

Over the past 2–3 years, a dedicated group of BNB students has organized themselves to support peers facing financial hardship. Through the collection of donations from fellow students, teachers, and the local community, they have provided tuition, meals, and essential supplies to 5–6 students annually.

This inspiring, student-led initiative continues to embody the values of solidarity, leadership, and compassion.

BNB Needy Students Scholarship

Recognizing the growing number of students eager for quality education but lacking financial resources, BNB is launching a formal scholarship program for needy students.

- This fund will be supported by individual donors, industries, and the broader community.
- Board members will lead outreach efforts locally and internationally to secure contributions.
- A clear application process and transparent selection criteria will ensure that support goes to those with the greatest need and highest potential.

Partnering with Parents & Industry

Additional initiatives under this program will include:

- BNB Parents' Needy Student Support: A community effort led by parents to support students from extremely disadvantaged backgrounds.
- Industry Students Support: Collaboration with private sector partners to sponsor students and contribute to long-term educational equity.

A Call to Action

Join us in bridging the gap for students in need. Whether you're a parent, student, business leader, or simply someone who believes in the power of education, your support can change a life.

Together, we can ensure that no child is left behind because of financial hardship.
